What to expect

- **Parking:** Roadside on Boston Mills Rd just west of Mississauga Rd. The driveway there is private property; do not block it.
- **Route:** A short out-and-back on the main Bruce Trail with the Rockside Side Trail, near the end of the Toronto Section. No description of the Rockside Side Trail itself was found.
- **Main trail nearby:** A trip report describes the main trail in this area crossing a valley, climbing the escarpment, following its brow for about 1 km, then climbing a secondary escarpment into mature woods. Expect a climb and some edge walking; keep Zappy on a short lead near the brow.
- **Cheltenham Badlands:** The Toronto Section ends near these Queenston Shale badlands, now viewed from a boardwalk. Visitors leaving the trail worsened the erosion, so stay on the path if you visit.

Turn-by-turn

3.0	1.9	Leave the trail and walk back to the parking. Hike complete.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on a Vanderplas family trip report and Hiking the GTA.
