What to expect

- **Parking:** Roadside on the eastern shoulder of Eighth Line at the southernmost intersection with 27 Sideroad. A trip report mentions Snow's Creek Falls at this intersection, a short detour. Area parking can fill on weekends.
- **Bennett Heritage Trail:** Starts at Scotsdale Farm and passes a pond with a weeping willow, then crosses Snow's Creek and Owl Creek. Credit Valley Conservation rates it difficult.
- **Great Esker Side Trail:** Runs partly along the top of an esker, a rare glacial sand-and-gravel ridge, about 30 m above the land around it. Look for old stone fences, granite boulders and a rusting 1940s car. Poison ivy grows along the edges; keep Zappy to the path.
- **Road walking:** A stretch of the Duff Pit Side Trail follows a road shoulder; keep Zappy close and walk single file facing traffic.
- **Other side trails:** No descriptions were found for the Duff Pit, North Rim, Trafalgar or Eighth Line side trails. Silver Creek trails in general have steep slopes, rocks and roots; CVC recommends carrying a Bruce Trail map.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Ontario Nature Trails, Hiking the GTA and Credit Valley Conservation.
