What to expect

- **Parking:** Bruce Trail parking lot on 2nd Line EHS at the start of the Splitrock Side Trail; it is plowed in winter. The nature reserve's address is listed as 755437 2nd Line EHS, Mono.
- **Splitrock Side Trail:** Starts across farmland, then enters forest that follows a long split in the rock and finishes in cedar woods near the road. Wildflowers, a cave and a spring are noted along the way. A local organizer describes the reserve as having "cliffs, fantastic views, caves, and rock cut outs."

- **Caution at the split:** Where the crack in the rock is narrow it is also very deep. Keep Zappy on a short leash and stay on the trail near the edges.
- **Narrows Side Trail:** A short drop of about 150 m down into the narrows, with small caverns and rock walls. You come back up the same way.
- **Ralph Tremills Side Trail:** A 1 km side trail off the Splitrock Side Trail. No description of it was found.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Trail Run Project and the Shelburne Free Press.
