What to expect

- **Parking:** Bruce Trail lot on the north side of County Rd 91, 850 m west of Concession 10. Not accessible in winter.
- **Walker Aggregates Side Trail:** The link between the lot and the other trails on this route. A local news story says the blue sign for the kiln side trail is about 400 m from the lot. No other description was found.
- **Franks Lime Kiln:** A restored lime kiln from the mid-1800s, said to be one of the best preserved in Ontario. It sits on private land opened to the public through the Bruce Trail. Part of the side trail goes down a steep slope, so wear good footwear; stay on the paths and behind the safety barriers.
- **Field & Forest Side Trail:** A 720 m side trail opened in August 2025 by the Blue Mountains club with the Escarpment Biosphere Conservancy. It winds through EBC land and makes a short loop with the main Trail on the BTC's Lime Kiln Bluffs Nature Reserve and part of the Walker Aggregates Side Trail.
- **Short outing:** At about 3.2 km this is a short walk; no terrain details for the main Trail stretch were found.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on a Bruce Trail Conservancy trail-change notice, the Creemore Echo and Doors Open Ontario.
