## What to expect

- **Parking:** Roadside parking on Lundy Lane. Don't block the lane access, which farm machinery uses.
- **Route:** A short outing: the main Bruce Trail to the Ross McLean Side Trail, then back on the main trail. We couldn't find a published description of the Ross McLean Side Trail's terrain or features, so check the current Bruce Trail map before you go.
- **Farmland nearby:** With the trailhead on a farm lane, keep Zappy close and leashed around fields and livestock, as the Bruce Trail Users' Code asks.
- **Dogs:** Zappy stays on leash. The Sydenham club asks that dogs be leashed and kept under control, especially near farmland, and suggests an orange or fluorescent harness or bandana in hunting season so a dog isn't mistaken for wildlife.

## Parking options

No other official Bruce Trail parking lies within about 1 km of this route. If you need to stop early, turn back the way you came; the GPS track records what you covered, and the website shows what is left.

Parking costs were checked in October 2026 from operator websites and Bruce Trail Conservancy data; prices and booking rules change, so check before you go.

Trail descriptions draw on the Sydenham Bruce Trail Club; specific details for this side trail were not found.
