## Route map

## What to expect

- **Parking:** From Wiarton, take Bruce Rd 13 west for 2 km to Northacres Rd. Parking and the trail access are 30 m north of the intersection.
- **Rural Rocks Side Trail:** A blue-blazed loop, followed clockwise in Ontario Nature Trails' description. It's rated difficult, on natural and rocky ground. It starts among large rocks left from an ancient glacial lake shoreline. Then it runs through maple, balsam and birch forest, past beaver ponds, and along a ridge with views.
- **Footing:** Expect uneven ground through the boulder area, and possible wet spots near the beaver ponds. Allow extra time for a 4 km loop.
- **Obese Side Trail:** A very short spur off the loop. We found no description of it.

## Parking options

No other official Bruce Trail parking lies within about 1 km of this route. If you need to stop early, turn back the way you came; the GPS track records what you covered, and the website shows what is left.

Parking costs were checked in October 2026 from operator websites and Bruce Trail Conservancy data; prices and booking rules change, so check before you go.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Ontario Nature Trails.
