What to expect

- **Parking:** Queenston Heights Park is entered from the Niagara Parkway. The lot has no winter maintenance; in winter, park farther up the road at the Queenston Heights Restaurant. Niagara Parks sells parking passes, so check for fees before you go.
- **Queenston Heights:** The southern terminus of the Bruce Trail. The cairn marking the start sits at the edge of the parking lot below Brock's Monument, an 1850s column topped by a 16-foot statue of Sir Isaac Brock, who was killed in the 1812 Battle of Queenston Heights.
- **General Brock Side Trail:** An out-and-back of about 6 km each way on this blue-blazed side trail. We could not find a published description of its terrain or features.
- **Road walking:** The General Brock Side Trail follows road shoulders in six separate stretches on this route. Keep Zappy on a short leash and close to you on those sections.
- **Dogs:** Leashed dogs are welcome on the Bruce Trail and its side trails. The park itself has picnic pavilions, a splash pad and monuments, so expect other visitors near the start.

Parking options

No other official Bruce Trail parking lies within about 1 km of this route. If you need to stop early, turn back the way you came; the GPS track records what you covered, and the website shows what is left.

Parking costs were checked in October 2026 from operator websites and Bruce Trail Conservancy data; prices and booking rules change, so check before you go.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Niagara Parks, Vishwa Walking and Great Runs; details of the General Brock Side Trail were not found.
