What to expect

- **Parking:** Enter the Mountainview Conservation Area lot from Mountainview Rd. The NPCA lists the area as open year-round, sunrise to sunset, for passive use (hiking and birdwatching) only, with no facilities such as washrooms.
- **Mountainview Conservation Area:** About 25 hectares of Carolinian forest on the Niagara Escarpment, with exposed dolostone, many bedrock fractures and eroded talus slopes. Watch your footing and keep Zappy away from cracks in the rock.
- **Lookouts:** The NPCA notes several Bruce Trail lookout points here with views over the Iroquois plain to Lake Ontario. Trails climb gently through hardwood forest before opening onto the escarpment edge; stay back from drop-offs.
- **Side trails:** A short loop through the Beamsville Bench, Angel and Mountainview side trails. Specific descriptions of these three side trails were not found, so expect the same mix of forest path and rocky escarpment terrain as the rest of the area.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on the NPCA and komoot.
