What to expect

- **Parking:** Roadside on Eighth Line across from the Eighth Line Side Trail. Parking in the Silver Creek area can fill on weekends from 11 a.m. to 5 p.m.; there are no washrooms.
- **Great Esker Side Trail:** Runs partly along the top of an esker, a rare glacial sand-and-gravel ridge, about 30 m above the land around it, with a moderate climb onto it. Look for old stone fences, granite boulders and a rusting 1940s car; butterflies abound along the trail.
- **Cautions:** Poison ivy grows along the trail edges; keep Zappy to the path. A hiking club describes the area as uneven, with roots, rocks and some mud.
- **Other side trails:** No descriptions were found for the Trafalgar, Duff Pit or Reservoir side trails. Follow the blue blazes and the guide's directions.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Hiking the GTA, Ontario Nature Trails, the Guelph Hiking Trail Club and Credit Valley Conservation.
