What to expect

- **Parking:** There is only limited roadside parking on the south side of 25 Sideroad at the Walter Tovell Side Trail, and you must not block the gate. If it is full, use the larger lot up the road on 2nd Line EHS. Visitor guides warn that parking elsewhere on roads around the park can get you fined or towed.
- **Walter Tovell Side Trail:** A wide, flat path, the longest trail in the park and the bulk of this hike.
- **Carriage Side Trail:** Mostly shady forest plus one large meadow. A large wooden staircase drops into the forest, and another staircase near the viewing platform leads down to the rock formations.
- **South Outlier Loop:** Begins with a climb, then runs fairly flat on top. The western side follows the cliff edge, with a lookout facing the cliffs. Keep Zappy close along the edge.
- **Lookout Side Trail:** A short spur to a lookout over the hardwood forest below.
- **Season and bugs:** Expect crowds at peak times. Bring bug spray and check for ticks. Ontario Parks notes that trails are not maintained in winter.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Ontario Parks, Ontario Hiking and Voyageur Tripper.
