Day 59 | 13.7 km (8.5 mi)

What to expect

- **Parking:** Free parking in several places in Harrison Park. One option is to drive east past the restaurant, cross the bridge and turn left right away into a parking area. Owen Sound Tourism confirms that entry and parking are free.
- **Harrison Park:** More than 40 hectares of streams, gardens and forest along the Sydenham River, with wide, hard-packed trails. Weavers' Creek Falls can be seen from a boardwalk. The park's trails connect directly with the Bruce Trail toward Inglis Falls. The Harrison Park Inn restaurant is open year-round.
- **Keeling Side Trail:** Blue-blazed, natural-surface trail rated moderate. Ontario Nature Trails describes it starting near the Inglis Falls parking area, so you may pass close to the falls. It runs east to Highways 6 & 10, which you cross before a short jog south.

- **Road walking:** Two stretches of the Keeling Side Trail follow a road shoulder, and one includes the crossing of Highways 6 & 10. Keep Zappy close and on a short leash, and cross carefully.
- **Sydenham Nature Reserve Side Trail:** The Keeling trail meets the Owen Sound rail trail and joins the Sydenham Nature Reserve Side Trail, a loop through the reserve before you return the way you came. We didn't find detailed terrain notes for the reserve loop.
- **Length:** At 12.5 km this is one of the longer outings, so plan for a full morning or afternoon. Picnic areas and washrooms are listed at the Inglis Falls trailhead.

Distances and junctions are computed from the Bruce Trail Conservancy's trail data (Bruce County GIS). Left/right is calculated from the trail geometry. Use it as a guide, follow the blazes, and check the Conservancy's trail-change notices before you go. Dogs must be leashed everywhere on the Bruce Trail. Trail descriptions draw on Owen Sound Tourism, Ontario Nature Trails and the Sydenham Bruce Trail Club.
